Subject: Please Veto HB589

Dear Gov. Roy A. Cooper III,

Please stand up for clean, renewable energy in North Carolina and veto HB589, the bill that would put a moratorium on the development of wind energy in North Carolina.

Curtailling renewable energy development in our state will only worsen our climate problems and continue our dependence on dirty fossil fuels.

Renewable energy is creating jobs at a record pace across the United States, so North Carolina workers will lose out if this bill becomes law.

Please protect the health and well-being of North Carolina residents by vetoing HB589, the wind energy moratorium bill.

Sincerely,

Stephen Morrison
